## Students Plan Migration For Return To Garden

### Sororities Take 150 Pledges, 28 Accept Fraternity Bids

Sororities pledged 150 women, according to Panhellenic Council. Eleven sororities received their rush list at 5 p.m. Saturday, Feb. 27, from the Dean of Women's office.

Last year 200 women were pledged. Joyce Crede, president of Panhellenic Council, said that the date for open rushing for the sororities which didn't make their quotas was to be discussed last night.

### Entries Due

Dormitories, sororities, rooming houses, or women's campus organizations interested in participating in the women's volleyball intramurals must have their entries in by Thursday, March 4, at 4 p.m., announced Miss Dorothy Luedtke, director of intramurals for women.

There will be two divisions, one playing Monday and Wednesday at 4 p.m., and the second on Tuesday and Thursday. Tournament play begins Monday, March 8.

### Six Students Attend Meeting In Toledo

Six members of an industrial traffic management class along with Prof. Leland Van Scoyoc, of the economics department, attended a meeting of the National Defense Transportation Association Wednesday evening, Feb. 24, in Toledo.

Robert Johnson, Charles Green, Edward Schmidt, Nicholas DeGennaro, Lee Blakemore, and Glee Pitney were the students who attended the program, which was entitled, "Movement Control, or Industrial Management in the Army."

Leon Morse, secretary of the NDTA and head of the traffic department of the Rossford Depot, was the speaker. The meeting was held at Toledo University, and representatives of Toledo industries, motor carriers, and railroads attended.

### Men Top Women In Spring Enrollment

The new enrollment figure at Bowling Green for the second semester is 3,120, announced Pres. Ralph W. McDonald. Men outnumber women, 1,652 to 1,468.

The freshman class, consisting of 1,007 students, is the largest, followed by the sophomores with 700. Seniors, with 615, have the third largest class, and juniors, with 556, have the smallest.

First-semester freshmen and transfer students have more than made up for the loss of 100 January graduates. The 125 new students include 83 freshmen and 42 transfer students.

Ohio students, with 2,559, outnumber other students by almost 5 to 1. There are 561 out-of-state students, including 36 foreign students.

### Infraction Of Rules For Rushing Cited; Fraternity Fined \$50

Alpha Tau Omega was fined \$50 for infraction of the Interfraternity Council rushing rules by the IFC Pledge Rules and Infractions Court Thursday, Feb. 25. The fraternity was convicted of holding an illegal smoker, as defined in the rushing rules, and "violating the spirit and intent of the rules."

Robert G. Riegle, lecturer in business administration, Everett C. Myers, associate professor of biology, and Charles R. Minton, instructor in business administration served as the court, with Mr. Reigle delivering the court's decision.

Prosecutor Richard Humphrey, IFC vice-president, pointed out that a group of ATOs were observed at the Midway Sunday, Feb. 21, in company with a student registered for rushing with the Dean of Students. This, he claimed, was in violation of rushing rules.

Ernest Weckesser, who presented the defense, maintained that the rushee was conversing mainly with an inactive member of the fraternity rather than with an active fraternity man. He stated that the rushee did not accompany the group into the establishment but came to the table during the evening.

The prosecution's witness, Robert Fitch, emphasized that the rushee remained at the table for more than an hour without once moving. Rushing rules also prevent ATO from pledging the rushee.

### Pi Week Events Continue With Pie-Eating Contest

Tomorrow night at the Pi Kappa Alpha Pie Eating Contest, the Women's Gym will be invaded by all sorts of weird creatures who will be giving skits to present their pie-eating contestants.

Four trophies will be given by the fraternity—one each to the fraternity and sorority pie eating winners, and one each to the winners of the skits in the male and female divisions, announced Joseph W. Garrett, chairman of the contest.

The sorority skits will be given first, beginning at 7 p.m., and will be directed by John McNerney, master of ceremonies for the evening. The sorority pie eating contest will follow, and then the fraternity skits and contest will be given. The judges for the evening will be Dr. Howard O. Brogan, of the English department; Dr. Russell Decker, of business administration; and Dr. Melvin Hyman, of the speech department. The skits must be held to five minutes, or be subject to disqualification.

#### Costumes Used

All types of costumes and gadgets are used for the performance of the skits. Two years ago, a sorority was frenzied when a live horse, guaranteed to walk up stairs and not be afraid of crowds, decided at the last moment that he didn't want to go through with the act.

After many tries at moving the animal, the group had to perform the skit with a wooden horse. The live one was tied to a tree in front of the sorority house. The animal got loose however, and the entire sorority spent the evening searching the fields for the stray animal. The horse ironically turned up at the farm by himself.

#### Highlight Of Week

The Pie Eating Contest is a highlight of Pi Week. A Founder's Day Banquet was held Saturday evening for alumnus, local members of the fraternity, and guests. Last night a dinner for sorority presidents was held, and tonight a dinner for the Dream Girl finalists will be followed by an all-campus serenade.

Friday evening the Pi Kappa Alphas will play the Alpha Chi Omegas in a women's basketball game. The week will be concluded by the Dream Girl Dance Saturday evening, when the 1954 Dream Girl will be presented. The dance is closed this year because campus facilities originally were already reserved for the night.

### BG To Make Sixth Appearance In National Invitational Tourney

By DON GETTER and CHARLES HORNADAY

The Bowling Green Falcons will play their first round in the National Invitational Basketball Tournament Saturday night at Madison Square Garden in New York City.

After three hectic days of waiting, Coach Harold Anderson was informed Sunday evening by Asa Bushnell, NIT chairman, that Bowling Green was given an official bid to the March classic. This bid came immediately after news of conference approval and then Coach Anderson immediately accepted.

For the sixth time in 10 years the Falcons will be making an appearance in the NIT.

Bowling Green authorities received a letter asking if they would accept an NIT bid. The letter, known as a "feeler bid," was the first sign that the NIT was interested in Bowling Green, and came just prior to the Dayton game, which BG won, 107-73.

Since Dayton had already accepted an invitation to the NIT, the BG win further enhanced the interest of NIT officials.

However, the Falcons needed approval of the MAC before they could accept any invitation.

"Pres. Ralph W. McDonald, by immediately contacting the presidents of all other MAC schools, can be given credit for the conference approval," said Coach Anderson. "He went all out, spending the better part of the week working for approval," Anderson continued. "My hat is off to President McDonald, he did a fine job."

The University has completed arrangements to charter Greyhound buses for New York. The round-trip cost will be \$32

### Reknowned Author Discusses Women; Cultural Variation

One of the world's best known cultural anthropologists, Dr. Margaret Mead, will give two lectures at Bowling Green State University March 3 and 4.

Dr. Mead has written such outstanding books as, "Male and Female," "Growing Up In New Guinea," "And Keep Your Powder Dry," and "Coming of Age in Samoa."

At 8 p.m., March 3, a lecture will be given in the Rec Hall on "An Anthropologist Looks at Cultural Variation."

The following morning at 9:30 Dr. Mead will lecture in the Main Auditorium on "Women: Primitive and Modern."

The Social Science Division Council of the College of Liberal Arts is sponsoring Dr. Mead's lectures at the University.

Dr. Mead is associate curator of ethnology and director of research in contemporary cultures of the American Museum of Natural History in New York.

Her first expedition in 1925 took the speaker to Samoa, New Guinea, Bali, and Australia, to do research on the villages of these islands.

Less than a year ago she returned to Papua and New Guinea to do a restudy of the village which she studied in 1928, described in her book, "Growing Up In New Guinea."

### AWS Job Clinic Opens Wednesday

Is Miss Bee Gee Coed worried about finding a job this summer? Well, she needn't be, because the Association of Women Students has solved her problem with its Job Clinic. Students may drop in to Dean Currier's office, second floor in the Ad. Bldg., anytime tomorrow, Thursday, or Friday, and find information concerning the summer jobs available to college women. She may want to be anything from a counselor at a Michigan Camp to a waitress in a California resort hotel.

AWS has written material and application blanks for these and many other summer occupations.

Students looking for a permanent position can find information on nursing, teaching, medical technology, airlines work, and on other fields of her interests.

If Miss Coed is really a "hep" gal she will stop worrying and start hurrying to the AWS Job Clinic.

### Pops To Feature Light Music In Artist Series

By RON SOULE

A unique and refreshing form of entertainment is in store for most music lovers when the Fourth Artist Series brings Arthur Fiedler and the Boston Pops to the Men's Gym at 8:15 p.m. Sunday, March 7.

The Pops will present light classical music, polkas, galops, waltzes, marches, and some popular tunes as well.

Some of the numbers from the program are: "Entrance of the Guest" from "Tannhauser;" "Largo" from "Xerxes," which will feature Fritz Siegel, violin, and S. Mario De Stefano, harp; "Tchaikovsky's Overture Solemnele," "1812;" selection from "Kiss Me Kate;" the "Gypsy Tango," "Jalousie;" and many other selections.

Featured soloist will be Ruth Slenczynska, who will play the Concerto No. 1, in E-flat, for piano and orchestra.

#### Fiedler's Member

Merrill C. McEwen, chairman of the Artist Series, said, "Mr. Fiedler presents the common music in an uncommon manner." Mr. McEwen went on to say that through his directing, Mr. Fiedler adds a brilliance and buoyancy to his

ARTHUR FIEDLER

musical selections, and the musicians seem to derive tremendous enjoyment under his direction.

The Boston Pops Orchestra had its beginning in the spring of 1885, after the winter season of the Boston Symphony Orchestra. At this time a series of summer concerts were announced. They were made up of light music of good class.

The seats were removed from the Music Hall and tables and waiters were installed. From this start,

### Artist Series

these summer concerts by the Pops have become an annual tradition in Boston.

The word "Pops" has led to some interesting speculation. Some have reasoned that the title originated from the sound of wine bottles which were often popping during the concerts. Others feel that the term originated from the word "popular," and "Pops" continued to be used because it was appropriate to the jaunty manner in which the musical selections were presented.

One might think that the dignified director of a world famous concert orchestra would spend all his time directing, touring, making records, and just relaxing at home.

Not so with Arthur Fiedler. He has the unusual hobby of being a serious amateur fireman. He is an active member of the Boston Fire Department and Honorary Fire Chief in cities all over the country. His automobile is equipped with a short wave radio and siren to make sure that he doesn't miss out on any fires.

Tickets for the concert will be sold Tuesday and Wednesday, at the ticket booth on the north side of the Well. Tickets may also be purchased at the Men's Gym before the concert.

### REMEMBER — IF YOU WANT TO ATTEND SATURDAY EVENING'S NIT GAME:

1. Chartered Greyhound buses will leave Bowling Green at 8 p.m. Friday.
2. Tickets for the excursion, including round trip by bus, a ticket for the game, hotel reservations, and \$5,000 72-hour accident insurance policy, can be purchased today and tomorrow at the Business Office. Deadline is 4:30 p.m. tomorrow.
3. No classes will be excused either this week or next. The bus excursion will be back for Monday's classes.
4. All women attending the game must have permission from their parents.

per student, which includes the hotel bill, tips for baggage, a reserved seat in the BG block at the game, and a \$5,000, 72-hour accident insurance policy.

Buses will leave BG at 6 p.m. Friday, and arrive in New York at 8 a.m. Saturday. They will leave New York at noon Sunday, and arrive at Bowling Green early Monday morning. All students must return Sunday, because no cuts will be allowed next week.

Students will stay at the Plymouth Hotel, which is two and one-half blocks from the Garden. Thirty-five people will be in each bus and as many buses as necessary will be taken. Women need permission to attend the game from their parents.

Bus tickets will be on sale at the business office window, and must be paid when purchased. Deadline for tickets will be at 4:30 p.m. Wednesday.

All games will be broadcast into the Commons. WFOB in Fostoria may carry the games over AM, if not University engineers will handle the broadcast.

At press time the following teams had accepted bids to the NIT: Duquesne 22-2, Manhattan 14-9, Niagara 20-5, Wichita 26-2, Louisville 21-6, Dayton 24-6, Western Kentucky 29-1, St. Francis (Pa.) 20-4, St. Francis (Brooklyn) 19-3, Holy Cross 22-2, and Bowling Green 16-6.

Bowling Green will be making its sixth appearance in the tournament Saturday. Ten years ago (Continued on Page 2)

## In Our Opinion

### Off To New York

The unreleased bomb of tension and excitement under the entire campus suddenly exploded Sunday night, as the official okay came through for the National Invitational Tournament. Word was out since the middle of last week that we had gotten a bid, but Mid-American conference officials have to approve the acceptance.

A great many persons are responsible for this opportunity — the entire basketball team and Coach "Andy" Anderson, most important of all; President McDonald and other administrative personnel for gaining the permission of MAC, and the MAC people for placing their confidence in the team and the University.

Our thanks to all of these—we know the team is going to live up to expectations.

### Closer Cooperation

Some students feel that a lack of cooperation exists between University students and Bowling Green townspeople. A recent move by one University department should improve this situation to some extent, by bringing students and townspeople in direct contact with one another.

The journalism department and the Bowling Green Sentinel-Tribune are sponsoring a program whereby 10 journalism students work for the city newspaper, exchanging their services for valuable practical experience. The students, both men and women, are getting this journalism experience during their junior and senior years, supervised by Paul W. Jones, editor of the Sentinel-Tribune.

### Outstanding Speaker

Bowling Green students and area residents will have the opportunity to hear a world-renowned personality speak Wednesday night and Thursday morning. Margaret Mead, internationally famous cultural anthropologist, has authored six books, was a lecturer for the Office of War Information, and has taught at Vassar, Stanford, and the University of California. She also lectured at the UNESCO Workshop for International Understanding in Paris in 1947, and was a professor of sociology at a seminar on American civilization in Salzburg, Germany.

A graduate of Barnard College with an M.S., and Ph.D. from Columbia University, Margaret Mead should have an outstanding message for all students who avail themselves of this opportunity.

### Leaders Listed

In the 1953 edition of "American College Student Leaders," Bowling Green is proud to have 15 of its students listed. Of these, three are still undergraduates—William R. Bittner, Nancy Brown, and Jerry Helwig—and two are graduate students—Paul Guthrie and Jack Taylor. We should be proud of this high listing, topped only by Ohio Northern, which had 17. Ohio State, with an enrollment eight times that of ours, had two entries.

## Lines at Deadline

**REVERSE PROCEDURE:** The University of Nebraska reports that on the first day of the second semester classes, a tardy professor walked into a room where 100 students had gathered for a political science class.

He walked to the blackboard, erased what had been written there and announced, "If there's anyone not here for Political Science 4, now's the time to leave."

The students protested that they were there for Political Science 1. The bewildered professor grinned, apologized and said, "I must be in the wrong room, then," and left. A minute or so later the right professor came in.

...

Sorority women could make a nice fee if they began charging admission to their annual pledge-day show. Last year half the male population of the campus was lined up at the Nest watching the new pledges run toward Sorority Row. As the girls dashed past the Nest, the men, in unison, were shouting: "Go, Go, Go!" This year the spectators' line moved up a ways, until a good-sized gallery of males had formed in front of the hospital.

...

**MISTAKEN IDENTITY:** One new sorority pledge innocently walked over to Sorority Row with two girls who had pledged another group, next door to the one she headed for. In the confusion of getting pledge hats on the right two girls, one of the over-anxious actives landed a pledge hat on the third girl. It took a bit of embarrassed explanation before the girl could stagger on down the road to the right house.

### The Shady Corner

First moron (peeking through a knothole at the nudist colony): "What a sight!"

Second moron: "Are they men or women?"

First moron: "Can't tell. They've taken all their clothes off."

You Can't Send That Kid Up In An Old Crate Like That . . .

## Flight Training Offers Credits, License At University Airport

"Flying, when done properly, is the safest means of transportation," commented Ray Vaughan, operator of the University Airport. With more than 20 planes stationed at the airport it is possible for a student to learn to fly, obtain a private license, and get six college credits. Of course, there is the one little problem, a matter of about \$350 to take the lessons.

The airport has been in operation since 1941 when one of the naval flight programs was located at Bowling Green and has been improved over the years with good hangar facilities and paved runways.

### 25 Hours Of Solo

As far as the hours needed for the various licenses, dual flying, which is the initial training with an instructor, requires 15 hours. Twenty-five hours are devoted to solo flights, and 200 hours are needed to obtain a commercial rating.

At the present time there are only four students active in flying at the port, Robert Dimick, Alan Hewitt, Guy Reed, and Gene Woolley. In 1946 more than 350 students were taking flying lessons at the Poe Road airport.

Vaughan's comment on this lack of activity in flying was, "Student flying has dropped off all over the United States and Bowling Green is no exception. However, prices for flying lessons haven't gone up as much proportionately compared to the expenses of aircraft and their upkeep." In 1936 a Piper Cub cost \$1,000. Today the same plane would run \$4,000. Prices for instruction today are only \$2 more per lesson than in 1936, with the present fee being \$11 for dual flight and \$8 for solo flight.

### Executive Flying Gains

Executive flying has been gaining in popularity, according to Mr. Vaughan, who explained that this form of flying is used by corporations for their officials to fly to different business engagements. "This," says Vaughan, "can save

money for the company and speed business transactions."

As far as women in flying at the University, more than 20 have completed the course and obtained their private licenses. One woman went completely through the courses and was an instructor for more than a year.

Vaughan said that the Bowling Green Airport has a good safety record, and in keeping with this, said, "As soon as we catch any students fooling around, we wash them out."

### N.I.T.

(Continued from page 1)

this month the Falcons were defeated in the opening game by St. John's 44-40.

The Falcons were runners up in 1945, but lost to DePaul in the finals 71-54. In 1946 Rhode Island defeated BG 82-79 in the opener. 1948 was no better as St. Louis won over the Falcons 69-53.

Bowling Green had a 3-1 record in the '49 tournament, their only loss coming at the hands of San Francisco 49-39. The Falcons were consolation winners.

When the news of the bid reached the students, they began to gather in front of the Nest. Approximately 500 students began chanting the traditional "Let's go Bowling Green."

A huge snake dance started moving across the campus and stopped in front of President McDonald's home. Mrs. McDonald answered the loud cheers by informing the students that Dr. McDonald was in his office.

The crowd moved to the Administration Bldg. directly under the President's window and once again began the familiar chant.

Dr. McDonald opened his window and told the students, "We will see you all tomorrow. I'm sure the boys will win it," he added.

At that moment the crowd recognized the car of Coach Harold Anderson entering the circle. The frenzied students formed a ring around Anderson's car.

"Andy" told the students, "We waited a long time, now it's finally here." After joking with the crowd for a few minutes, Anderson drove off and the rally slowly broke up.

Bowling Green and Toledo did not play each other in football from 1935 to 1948.

## Student Employment At Low Ebb; Loans May Be Obtained

The problem of finding jobs for students needing at least part-time employment to help finance their way through college is a difficult and often perplexing one, according to Robert E. McKay, student financial aid counselor.

McKay states that with only a relatively few jobs available for students around the campus often only the most needy students can be given jobs. Even these are limited to approximately a 20 hour work week so as to make as many jobs available as possible.

At the present time many students have their applications on file in the Student Employment Bureau's Office, but there just aren't enough jobs available to take care of the demand, stated McKay. On different occasions the bureau receives calls asking for someone for a short time job, but even with these calls the problem is still great.

McKay added that there is also a bureau in the Student Senate which attempts to find jobs for the students. This bureau concentrates on finding jobs in the community rather than on the campus. However, there are far more applicants than there are jobs at this bureau too.

At the present time the Student Senate Bureau and the Student Employment Bureau act separately, but plans are being made to combine the two into a single bureau, possibly by next year, to facilitate a more efficient system.

There are several types of loans available, McKay added, for students of good academic standing to help them continue in college. The Student Employment Bureau will in some cases help these students obtain these loans.

## B-G Site Of Family Relations Meeting

A planning session was held Feb. 23 for the annual meeting of the Ohio Council on Family Relations to be held at Bowling Green May 14 and 15, Dr. Donald S. Longworth said.

Representatives from various parts of the state attended the meeting, and Dr. Longworth said that many prominent persons are being considered as speakers for the conference.

## Plans Being Made For Orchesis Show

Plans are now being completed for the annual Orchesis dance show, to be presented March 19 and 20.

Tickets will go on sale soon, Carol Shedd, publicity chairman, has announced.

The show is given each year by Orchesis, dance club for men and women. Dorothy Farley is president of the group, and Miss Mary E. Whitney, of the women's physical education department, is adviser.

## Falcons Swamp Dayton With 107-73 Upset; Bianchi Hits 35

By DON GETTER

Dayton suffered one of its worst defeats in UD history Feb. 25 when Bowling Green smashed the Flyers 107-73 in the Men's Gym.

Before a standing room only crowd, the Dayton Flyers' eight-game win streak was broken, and their first-place rating of Ohio colleges fell by the way-side.

This was the first time in UD history a team has hit the century mark against them. The Flyers who have accepted a bid to the National Invitational Tournament in New York beginning March 6, were thoroughly outplayed throughout the entire contest.

Coach Harold Anderson said, "This game was one of the greatest a team of mine has ever played."

The magnificent Falcons ran Dayton's skyscrapers ragged, out-battled Coach Tom Blackburn's cagers on the boards all the way and applied a terrific defensive clamp on the visitors.

Dayton's two big threats, John Horan and Jack Sallee, were held to 17 points between them, by the great defensive play of Jim Gerber and Lou Drago. Drago played the outstanding game of his college career Thursday night when he hit for nine field goals and four foul shots for 22 points.

Drago limited Sallee's shots throughout the contest. Sallee didn't get a shot from the floor until the closing seconds of the first half. Drago had the Dayton "Jumping Jack" literally talking to himself.

Big Bill Uhl was all that kept the Red and Blue in the game at

all. Uhl, who is only a sophomore, picked up 27 points, including 11 field goals.

The lead changed hands several times during the first quarter with BG ending the stanza with a 21-19 lead.

BG increased the lead by half-time 46-38. When Tom Blackburn's five came out after the half, they could do no right, with BG piling up on impressive 75-55 margin.

The final period was the same story with Drago putting in the 100 counter of the evening. It was the fifth time in the school's history a score of more than 100 was set.

It fell just four points short of the school record of 111, set four seasons ago at Tiffin.

Al Bianchi once again fouled out of the contest early in the fourth period. He left the contest with 35 points. If he had played the entire contest there probably wouldn't have been a record left in the Bowling Green record book.

Gerber and Drago followed Bianchi in the scoring column, each making 22 points apiece.

**Let's Go,  
Bowling Green!**

## Grapplers Edge Miami, Post 4-5 Record

Falcon wrestlers posted a 14-11 victory over a strong Miami team Saturday, ending the regular mat season with a record of four wins against five defeats.

In the opening event, Tom Hoskinson gave BG the lead with a decisive victory in the 123-lb. class. The most exciting match of the afternoon, however, came in the 130-lb. division when Falcon grappler Dean Russell wrestled Joe Williams of Miami to a draw. Williams had an unbeaten record prior to Saturday's match, and he also had five straight pins to his credit. The Falcons split the next four matches as Andy Tolas and Hal Bruck defeated their opponents, while Tony Mancini and Jerry Velick both dropped decisions to Bob Rychlik and Carrol Knight of the Redskins.

John Ladd sewed up the BG victory by defeating his opponent in the 177-lb. class. In the heavy-weight division, Jim Ladd, wrestling for the first time this year, was defeated by Miami's Dick Brunneman, who has lost only three matches in three years.

## Football Practice To Begin March 15

Football returns to the Bowling Green scene March 15 when Coach Robert H. Whittaker's charges begin spring football practice.

The 1954 varsity will be made up mainly of men returning from last year's team and next semester's sophomores. Any man eligible for the team may report for spring practice even though he may not have played on the team last fall.

Those who have just entered school this semester and who will be a member of next fall's freshman team should take part in spring practice, said Coach Whittaker.

## Swimmers Stop Oberlin, Miami; Go For Seventh Win Today

Bowling Green's swimming team pushed its season record well above the .500 mark with two successive victories over Oberlin College and Miami University.

The Oberlin and Miami conquests were numbers five and six, respectively, for the Falcon mermen who have suffered but three set backs.

Bowling Green captured eight of the possible 10 first places, as they drubbed Oberlin 61-23. The Yoeman proved no match for the Falcons who toured the pool in record and near record time.

### Gerbing Sets Mark

Jim Gerbing broke the 100-yd. free style record. He swam the century in :54.5, clipping two seconds off the old record. The 400-yd. free style relay team chopped five seconds off the previous dual meet record of 3:57.4. BG's winning combination of Carbanero, Horsfall, Levy and Cunningham covered the course in 3:53.9.

Oberlin's captain, Dick Lillich, and teammate, Bill Tarr, prevented the meet from becoming a complete rout. Each scored eight points, winning once and placing second in their other event. Bowling Green's Herb Scogg and Fred Gerbing shared the Falcon scoring spotlight, each winning once and finishing second the other time. It became a personal battle between Gerbing and Lillich, and Scogg and Tarr. Gerbing won the 50-yd. free style with Lillich in hot pursuit. In the 100-yd. free style, the tables were turned as Gerbing followed Lillich to the wire.

After finishing the 150-yd. individual medley behind Scogg, Tarr left the Bowling Green swimmer in his wake in the 200-yd. breast stroke event.

### Take Close Meet

Coach Sam Cooper's tankers were in for tougher competition Friday at Oxford. BG had to stave off a determined Miami bid to eek out a 44-40 win.

Although the Falcons lead all the way, the Redskins put on a fighting finish that cut the margin to four points. Miami captured the last three events, the 200-yd. breast stroke, the 440-yd. free style relay. In the 440-yd. relay a BG man jumped the gun and disqualified the team from that event.

Each team won five events. Miami took the diving and 100-yd. free style events, as well as the aforementioned breaststroke. BG won the 300-yd. medley relay, the 200-yd. free style, 50-yd. free style, 150-yd. individual medley

## AFROTC Riflers In Ninth Place

The AFROTC rifle team placed ninth out of 15 schools in the William Randolph Hearst ROTC Rifle Competition in Area "D" with a score of 839, according to Col. Luther M. Bivins, professor of air science and tactics.

The rifle team members and scores they made were Robert Lutz, 188; George Gasser, 173; Robert Feller, 174; George Spees, 163; and John Gargus, 141. High scorer was Lutz with 188.

The match was fired on resident ranges between Nov. 15 and Dec. 15 on serial numbered targets prepared and sent to the Air Force ROTC Headquarters, Montgomery, Ala.

## F.B.I. Agent Speaks; Honorary Initiates 5

Pre-Law Club made plans to visit the University of Michigan Law School, at its meeting Feb. 17. The trip will be planned for sometime in March.

Previous to the business meeting, Agent Paul H. Rowlands of the Federal Bureau of Investigation spoke to the group about the qualification requirements and duties of an FBI agent, and some of his personal experiences with the bureau.

### Geography Honorary Initiates

Five new members were initiated into Gamma Theta Upsilon, honor society in geography, at a meeting Feb. 18. The five new members are Tony Mancini, Ruth Hyland, David W. Nicholes, Armin C. Dreissiger, and Pete Kitchen, according to Prof. Lyle R. Fletcher, assistant professor of geography.

After the initiation, Gene S. Levi showed colored slides of some American rivers and gave a commentary on them.

Members of the society will have their next meeting in 302 Library at 7 p. m. March 4, said Professor Fletcher.

### Steele Speaks At Initiation

"The Joys That Follow A Latin Major" was discussed by Glendon Steele, assistant professor of English, at the initiation of Eta Sigma Phi members Wednesday evening in Studio B of the PA Bldg.

New active members of Gamma Beta Chapter of Eta Sigma Phi, national classical recognition society are: Martha Hesse, Margaret Miller and Mona Short.

Anthony D'Ernes, Floyd Hissong, Leland Lev and Jack Roth were initiated in to the Sodales Latini, the local Latin Club.

Miss Margaret Robson, a Latin teacher at Bowling Green High School, was received as an honorary member of the group.

### Bridge Club Scores To Compete Nationally

All-Campus Bridge Club will meet at 7 p. m. Thursday, March 4, in the Senate Room of the Student Center, said Sally Schmidt, president of the club.

Prizes will be awarded to the high scorers of the February meeting, Ronald Farrell, John Ryckaert, Luke Danielson, and Harold Davis.

Miss Schmidt emphasized that new members are still welcome this semester. Persons may join by attending a meeting and paying dues.

The national tournament match score cards were sent to the national director to be compared with other colleges, announced Mrs. Waldo E. Steidtmann. The national tournament match was held here Feb. 18. Mrs. Steidtmann said the final results would be available in March or April. Seven tables of play were entered in the national tournament match.

### Psych Club To Hear Speaker

The Northwestern Ohio Psychology Club will meet at Bowling Green Wednesday evening, and hear the lecture of Margaret Mead, world famous cultural anthropologist, announced Dr. Cecil M. Freeburne, associate professor of psychology.

### Art Honorary Shows Movies

Three movies, sponsored by the Delta Phi Delta honorary and the Art Guild, will be presented Wednesday at 7 p. m. in the Fine Arts Bldg.

The movies are "Monet," Toulouse-Lautrec," and "Art and Life in Italy." All students and faculty are invited to attend, said Kay Metz, program chairman.

### Honorary Applications

Applications now are being accepted for admittance into Sigma Tau Delta, national professional society in English. Information may be obtained by contacting Robert Schwartz, Zeta Beta Tau house, phone 37824.

## Shuck Announces Grad Opportunities

Several hundred graduate assistantship, fellowship, and scholarship announcements are on file at the Graduate School office as a service to students who are interested in taking additional work towards a masters degree, said Dr. Emerson C. Shuck, dean of the Graduate School.

These awards are offered in almost all of the fields of arts, science, business, and education. They are offered by such institutions as Ohio State University, New State Teachers College, the Marshall Plan Scholarships at various institutes in Great Britain, and the Gugenhiem Foundation for study in the field of jet propulsion.

Most of these awards must be applied for early in March, but anyone interested may see the files at the Graduate School.

## ... Looking Back On B.G. 'Skeletons'

By BILLY BONES

Friday, March 10, 1950, 10:06 p.m. "We were working out of Phi Mu House on a routine dance in the Nest. Suddenly a door opened. A man with a turned-up collar entered and left just as quickly. There was a scream. A coed had disappeared! Rushing outside we found our subject shivering in the cold air. Questioned her. Brought her in on a 31050. Case was solved. The charge? Publicity stunting for candidacy of sophomore "Silhouette Queen!" Dum da-dum dum!

### Our Military "Male"

Mail to and from the University during the war years must have reached staggering proportions to and from the women's dorms. You see, the campus was loaded with uniforms then. These were the blue, white, and gray, of the Navy and Marines who were stationed here for anywhere from 8 to 18 weeks. As beaus came and went, deluges of mail poured in from the various camps and bases where the V-12s and V-5s were next stationed. The population of the temporary students is known to have reached over 500 during one semester. (Definition of the campus coed during these "hectic" days was; "A stranger in paradise.")

### Campus Tomatoes At Helms's

During the early part of 1942, tomatoes were the dominant vegetable in the week-end life of many Bowling Green coeds. When the shortage of men forced the local ketchup plant to reduce operations, desperate calls were sent out to the female population of the University. More than 150 applicants turned up to work the six to six shift on Saturday morning! The local personnel manager couldn't cope with this invasion of femininity, however, and many of the patriotic gals had to be sent back to their homework. I suppose that with rationing and all, males were accustomed to going without luxuries around here—even when this included Saturday night dates.

### News Sponsors Date Bureau

Feeling lonely on week ends? Having trouble meeting that certain "someone?" If so, you should have been going to school at Bowling Green in 1934. In November of that year, the Bee Gee News decided to conduct a "Get Acquainted" Bureau. Students were asked whether they "would be willing to pay a small sum (5 to 10 cents) to meet a fellow student."

## FROM THE DOCKET

Four students were found guilty of parking violations by Student Court Thursday, Feb. 11. Robert Bone received a suspended fine on his first offense and a \$3 fine on his second offense. Thomas Glennon, tried in absentia, was assessed \$3. Douglas Mooney received suspended fines on his third and fourth offenses, and Frank Fusco's fine was suspended.

David Coon, Leland Fuller, and Charles Cross were found guilty of improperly registering their vehicles and were each assessed \$1. Found guilty of non-registration of vehicle were William Mallory, fined \$1; Jerry Hissong, assessed \$25, with \$24 suspended; David Knittle, fine suspended; and Jerome Szczepaniak, fine suspended.

"And this is our Library..."

## Greeks Get Pledges; More Officers Elected

Highlight of the week end was the signing of bids for sorority and fraternity membership. Bids were received Saturday.

Saturday night Delta Gamma held its annual Showboat Dance and Minstrel Show. The DGs appeared in black-face for their entertainment.

Two more sororities and one fraternity have recently elected officers. New officers of Kappa Delta are Patricia Scott, president; Pat Limbird, vice president; Lois Webb, secretary; Shirley Dannenberger, treasurer; Louanne Evans, assistant treasurer; Janice Crouch, correspondent; and Shirley Browne, rush chairwoman.

President of Chi Omega is Patricia Montgomery; Barbara Jisa, vice president; Johanna Caylor, secretary; Margaret Lyndon, treasurer; Christie Redrup, pledge mistress; and Sue Bonnet, corresponding secretary.

Delta Tau Delta fraternity elected Richard Brown, president; Dan Springer, vice president; Dean Charles, treasurer; Frank Fusco, corresponding secretary; and Sam Martin, recording secretary.

New officers of Phi Kappa Tau for the coming year are Bernard Meyers, president; Mark Barnhill, vice-president; Bill Saul, secretary; John Peterson, treasurer; Ferrall Frazier, assistant treasurer; Grant Egley, chaplain; Lowell Rager, sergeant-at-arms; and Ernest Hahn, board of governors representative.

## Swan Club To Present Show; Students Write For Sentinel

Swan Club will present its annual water show, "Memories," on April 8, 1950, according to Miss Iris Andrews, director of the Swan Club, and member of the Women's Physical Education faculty.

Themes of the show will be based around the subject American Memories ranging from the "Gay 90s," up to the present "Anchors Away."

At the present, plans are not complete as to the number of acts or the order in which they will be presented, but they will include, "Gay 90s," "Cowboys and Indians," "Square Dance," "Casey Jones," "Merry Oldsmobile," "Yankee Doodle Dandy," and "Daisy, Daisy."

Twenty-six persons will participate in the opening number, "Gay 90s" accompanied by music typical of that period. "Daisy, Daisy" will be a boy's musical number.

A Theta Chi quartet will sing at the show, along with the entire audience who will be asked to participate during the singing numbers. Vincent Tampoio will serve as narrator for the show.

### 10 Are Sentinel Reporters

Ten students from the advanced reporting course in the journalism department will be shifting their talent from The B-G News to the Bowling Green Daily Sentinel-Tribune.

Charles Hornaday, Erwin Falkenheim, Donald Keller, Donald

Brenner, Patricia Guthman, Robert Bone, Emery Westfall, Gerald Murray, Richard Malek, and Carol Sutliff will be covering stories for the Tribune not assigned to the regular staff.

Feature stories on local personalities and historical locations will be covered by the students. Also minor beats such as the employment office, health office, schools, public library, and the highway department will be covered. It is also under consideration to start an inquiring reporter column.

Getting the students accustomed to actual working conditions on a local newspaper and meeting people locally is the purpose behind the new policy.

The 10 students will be directly responsible to Paul W. Jones, editor of the Tribune, and will receive their assignments from him.
